Experience:

Consultant, Center for Research on Women with Disabilities, Baylor College of Medicine (1/02-)

Design curricula and consult on research design for grants on self-management of depression, stress-management, cardiovascular health management, successful aging, health promotion, and self-esteem. Co-author final reports and articles. Supervise peer co-leaders of rural depression self-management groups.

Private Practice (1/00-)

Offer therapy and counseling to adults and adolescents, particularly focused on gay men, male survivors of sexual abuse, adolescent men, persons with attention deficit disorder, and therapy averse men. Offer interventions to existing and forming workplace groups to increase efficiency and cohesion. Train managers in legal and practical skills. Assess career goals and help career changers.

Staff Psychologist, Magellan Behavioral Health (11/99-10/03)

Provided employee assistance and managed behavioral health care counseling, assessment, and referral. Offered training to managers and workers on mental health related topics. Offered critical incident stress management services following robberies and other disturbing experiences.

Coordinator of Program Evaluation & Career Development, UNCC Counseling Center (7/98-10/99)

Coordinated career development services and program evaluation for a university counseling center. Offered counseling, assessment, and clinical supervision. Trained clinical and management staff on topics such as diversity and teambuilding. Offered extensive outreach and marketing services within the university. Served on university committees overseeing services to adult and nontraditional students and academic advising. Chaired search committees to fill staff vacancies.

Personal Counselor, UHCL Career & Counseling Services (8/95-7/98)

Provided personal and career counseling to university students and staff. Assisted Provost in designing outcomes evaluations for student services functions and ran pilot study. Served as representative to sexual harassment and university disciplinary groups. Offered extensive continuing professional education for psychologists, counselors, and others on issues related to HIV, ethics, and diversity.

Adjunct Faculty, UH & UHCL Psychology Departments (8/94-6/98)

Taught and created courses on topics such as human sexuality, theories of counseling, abnormal psychology, and HIV-related counseling.

Predoctoral Intern, UH Counseling & Testing Service (8/94-8/95)

Provided counseling, assessment, and outreach services to the university community. Provided clinical supervision to less experienced clinicians. Presented workshops for students on learning support topics and coping with attention deficit disorder.
